

Neighborhood Alert!!!

***Proposed road extension threatens
Flower Mound Quality Of Life.***

P&Z will vote on December 8th, 2008

On Monday night, December 8th, 2008, the Town of Flower Mound Planning and Zoning Commission will **VOTE** to add the **West Windsor Extension** connecting **FM 2499** to **W. Windsor Drive** (as an alternative to FM 1171) to the Master Transportation Plan (see below for details). Currently, this connection is not a part of any future development plan. However, if approved, it will directly affect the communities of Westchester, Pecan Acres, Bridlewood, and Glenwick by disturbing the **safety, security, lifestyle, property values, and community appeal in these neighborhoods.**

Options being considered:

Option 1: Extend West Windsor Dr to FM 2499 (** recommended by Transportation Commission)

Option 2: Connect West Windsor Dr to Windsor Dr

Option 3: Both

This decision is not yet final. You can make a difference.

Attend the Planning and Zoning Commission Meeting

When: Mon, December 8, 6:30pm – 9:30pm

Where: Town Hall - 2121 Cross Timbers Road, Flower Mound

Note: Agendas are posted 72 hours prior to meetings.

Make a Difference – Protect Our Future

- **Attend the Planning and Zoning Commission (P&ZC) meeting on December 8th, 2008 and any related Town Council Meetings (date(s) to be determined) and sign up to speak in opposition to the Windsor Extension. This is the BEST way to influence the decision and protect your Town.**
- Respectfully, **send e-mails** in your own words to every member of the Town Council, the Mayor, the Town Manager, and the P&ZC by expressing your opposition and the reasons why you believe this is a bad idea. Their e-mail addresses are:
mayor@flower-mound.com; place1@flower-mound.com; place2@flower-mound.com;
place3@flower-mound.com; place4@flower-mound.com; place5@flower-mound.com;
harlan.jefferson@flower-mound.com; paula.paschal@flower-mound.com; cindi.price@flower-mound.com

NOTE: Please specify to Mr. Jefferson, Ms. Paschal and Ms. Price that you want your e-mails 1) forwarded to every member of the P&Z and 2) read into the public record on December 8th.

- Have every registered voter in your household **sign the petition** that is currently being circulated in your neighborhood and visit <http://SaveWindsor.blogspot.com>. Also, you can send an e-mail to SaveWindsor@yahoo.com for your neighborhood contact and/or to volunteer.
- **Send an e-mail** with your name and address to SaveWindsor@yahoo.com to subscribe to continuous updates and to connect with others who are concerned about this proposal. In addition, the upcoming meeting dates will be communicated.
- Inform your neighbors of this situation and encourage them to get involved!

Recent History

In 1999, Town Council removed the Windsor Extension from the Master Plan due to public opposition. In 2003, Kimley Horn—Flower Mound's traffic consultant - recommended adding the extension back into the Master Plan (named Eaton Extension at the time) and provided an estimated traffic increase of 12,000 cars per day on the proposed road, according to the December 2002 memo to Town Council. Again, due to overwhelming opposition demonstrated by the large numbers of citizens at the P&ZC and the Town Council meetings, of the Town of Flower Mound voted once again to leave the extension off of the Master Plan. Currently, the Town of Flower Mound estimates that 4,500 cars will travel on the West Windsor extension each day.

Reasons why residents oppose this thoroughfare:

- **Safety!** Increased traffic can jeopardize the safety of children and pedestrians currently using the Windsor Dr and the existing greenbelt as their route to and from school and the walking/bike trails.
- **Security!** An unnecessary thoroughfare constructed through our neighborhoods, bringing along with it non-resident cars and strangers, can jeopardize the security of the entire community.
- **Traffic!** Imagine up to **4,500 cars/day** driving through the neighborhood, especially at rush hour. This will lead to increased traffic noise and reduce the enjoyment of our homes.

Please Help Protect our Children, our Neighborhood and the Flower Mound Way of Life!
